### WEALTHY DUKE IS DEAD

Sutherland, Canadian Colonizer, and American Visitor Gone. London, June 27.—Cromartie Sutherland-Leveson-Gower, fourth Duke of

Sutherland, died last night. He was noted as a sportsman and yachtsman. As the Marquis of Stafford he visited the United States several times on shooting trips. In 1884 he married Lady Millicent

Fanny St. Clair-Erskine, daughter of the fourth Earl of Rosslyn. Two sons and one daughter were born of the union. In recent years the duke was deeply interested in a colonization scheme for western Canada and to

that end purchased vast tracts of territory. The duke was born July 26, 1851. With the exception of the Emperor of Russia he was the largest land owner in Europe. His Scottish estates em-

braced nearly 1,500,000 acres. He owned 30,000 acres in Staffordshire and Shropshire and much landed property in other countries.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea remedy. This is true the world over where this valuable remedy has been introduced.

No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea remedy is that it cures. Sold by all druggists.—(Adv.)
